Finding and Using Climate Data for Climate Action

Held LIVE on Wednesday, August 4, 2021. Speakers from the **Prairie Climate Centre (PCC)**, the **Canadian Centre for Climate Services (CCCS)**, and from a **Kanaka Bar Indian Band** presented different climate data sources, portals and networks. Presentations showed participants how to navigate the available resources through examples of climate data used to inform climate action, particularly in assessing climate risk, vulnerability and impacts.

Includes links to the presentations, [participant questions & answers](#) and [additional resources](#)
